

"The concert was AMAZING, truly beautiful music and a magical atmosphere was created -we did not want it to end! We hope your flutes and hang keep bringing to many more people as much internal peace as they have brought to us."
Katy (Costa Rica)

welcome to august...

Beautiful concerts!

Audiences were bathed in abundant, divine, blissful waves of Sacred sound when Sacred Earth offered concerts in Maleny and Eumundi in early July. We felt blessed beyond words to open each night and joyfully offer what we feel called to share.

We also really enjoyed performing at the Brisbane fundraiser music night for the Men's Wellbeing Association, 'A Musical Journey Through Time and Place, With Grace!' What a lovely night it was, and raising funds for a great cause.

Music of the 'Other'...

Doctor of Music at the Brisbane Conservatorium, Nicholas Ng (who we invited to join us on stage at the recent Brisbane Mind Body Spirit Festival to play his erhu with our hang and flute) has invited us to join him and other musicians in a concert at the Conservatorium, 'Music of the Other.' We are delighted, we are enjoying exploring what that will sound like and we look forward to what will no doubt be a magical, unique blend of instruments and a lovely theme and shared intention. Satsings...

Following Spirit's guidance we initiated and facilitated 'Satsings' in Costa Rica, and we have now been guided to offer them here - initially monthly on the Sunshine Coast. They're informal, 'en-Chanting' evenings of 'Nada Yoga' (the Yoga of sound) through instruments of alchemy and shared voice. We don't get to share many of our chants in our performances so among other things this will offer a wonderful opportunity to put voices to them.

The first will be held in our hall (at [Bellbunya](#) - the lovely intentional community where we live, just 10 minutes west of Eumundi) followed by three in Eumundi (CWA Hall). [Details](#)

Sacred Sound Spa

For the first time in the Relaxation Centre of Queensland's program, we will be offering our half day 'Sacred Sound Spa' in Brisbane August 15. It's limited numbers (book early!) to ensure an intimate gathering for deep immersion in blissful sound in a different way from our performances and Satsings, though still with elements of both. Until next time...enjoy the whispers of spring!

Blessings,
Maia

Heart's a flutter no more...

Sahayak's heart procedure (day surgery July 27) went very well, and the 'atrial flutter' has been rectified. Our 'heartfelt' appreciation to all who offered blessings, caring thoughts and prayers.

Above: August 17 will be one year since the beyond incredible experience we had with our 'Celebration of Harmony' concert in Costa Rica, with such heart-inspired and wonderful musicians. Amazing to reflect on it...and on the extraordinary year since!
